

# SNOWMAN MODIFICATION TO POCKET BUDDIES NO2

By French Lavender Home

***This modification is made specifically to FLH's Pocket Buddies No2 (Bunnies), which must be purchased separately.***

- Knit the doll in all white
- Eliminate rows 11-14 – your doll will now be 4 rows shorter
- At row 29, place a marker two rounds down (on row 27) so you'll know where to gather the neck
- The legs remain, but eliminate the arms and ears
- To create buttons on the front, use black yarn to enter through the back of the doll and do a simple running stitch up the center
- For the nose, use orange embroidery thread and create an skewed skinny triangle

- The hat is included with the Pocket Buddies No2 pattern; top with either a pom-pom or tassel
- Add little sticks for arms (optional)
- For the scarf, cast on 3 stitches, and garter stitch for desired length then bind off
